"Reman said to me: 'Captain, I have no complaints to make; none of your officers misused me."
"Now,' added Capt. Strauss, "Instead of Roman being kept outside the fire lines he was permitted to roam around at will. I saw and talked with him myself inside the lines just as the fire was dying out, and he told me his losses were about \$7.000, and that he had only \$1.200 insurance.

The next day I went down to the fire, and

The next day I went down to the fire, and again her Roman. He pointed out the dead animals and once more spoke of his losses, the hard of complaint did be make. I was in charge of the bottle at that fire, and there were three roundsmen and a segrant.

PUINTERS ON THE RACES.

There are two stakes to be decided at Monmouth l'ark to-day. One and the most important is the second division of the Sea and Sound Stakes. Morello has already cap-tured one-half and to-day he puts up 130 pounds and will endeavor to beat such good ones as Chiswick, Max, Eagle Bird, Rain Minnehaha and others. The race should be interesting, as the weights bring the contest together. The Unionport Handicap brings out Mars, Azra, Fidelio and others, and the propable winner is hard to pick. The other events are, for the most
